RECEIVED

Re: Paragon Cable; 1130 S. Main Street; Horseheads, NY 14845

DEC 13 1994

Dear Gentlemen:

FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

Enclosed herewith is completed petition sheets from our community. They contain 8,427 signatures from outraged cable subscribers in our area. Although, Paragon Cable has failed to notify it's customers of this area in writing as of yet, in January 1995 paragon cable will begin scrambling channels of our Standard Cable Service. Which in this area is dial channels 14 - 36. (With the exclusion of 24 and 25 which is already scrambled because they are premium channels.) At which time subscribers will be required to rent a converter box from the cable company at the rate of \$3.50 - \$4.67 per TV set to be able to receive these channels that we are already paying for and have been enjoying on our cable ready TV sets and such for years with out Paragon Cable's equipment.

The people of this area are being scared into acquiring this equipment even prior to January, by temporary commission sales people hired by the cable operator. Especially the elderly who do not comprehend a lot of the electronic equipment, are being told you have to take the box now or pay an installation charge of over \$28 in January.

We do not object to the addition of the box for people who want access to the new al a carte channels (5 of which has been added), pay-per-view, or premium channels. The rest of the population who is happy with basic and standard cable service.

Paragon Cable uses new technology as an excuse, and takes a like it or not, it will happen attitude. When did we allow such a monopoly that business can take that stand and the consumer has no choice but to accept. True, we can refuse the box and take a reduction in rate and channels, but in this area stations people find useful is located on those channels, like CNN, The Weather Channel, Nickelodeon, and a lot more, of which we have all become accustomed to for our families.

No. of Copies rec'd
List ABCDE

[Handwritten signature]

Paragon Cable also uses the excuse these channels will all someday be al a carte and we the subscriber will be able to pick and choose our channels. However, they also go on to say there under contract with these channels to be provided in a standard cable package, most of which is years away from expiring.

We don't see any reason for this beyond replacing the late *additional outlet charge*. Isn't this what they are doing? Even though we pay for the channels, we still need to rent this new equipment for each TV to view them or move the converter box from TV set to TV set. Not to mention the need for a box for any TV with a VCR attached. No matter how you look at it, our rates are sky rocketing!

A house hold in this area with 2 TV sets will se an increase of over 30%, a 4 TV set household will see a 65% increase. NYS Commission on Cable TV has said Paragon Cable is within their legal rights to take this action. We don't agree! If there is no rule in the Cable Regulations to prevent this, there should be!

Our community consists of 25,000 cable subscribers. Over 30% of them have signed this petition. This petition did not go door to door. People had to actually come out of there way to a business location to sign it. The public is tired of excuses and wants action. In reality television has become a part of almost every American household. If the government wants to regulate it, it should be prepared to act and help Joe Public, not make excuses for the multi-million dollar cable operator.

We ask you officially acknowledge the receipt of these petition. The public awaits your response.

Sincerely,

Tammy L. Comstock
Committee Chairperson

David T. Queen
Committee Member

Petition

We, the subscribers of cable television service offer our community through:

**PARAGON CABLE
1130 S MAIN STREET
HORSEHEADS, NY 14845
(607) 739-7901**

herein complain about new and upcoming rates we been informed by the above named cable company. Please act upon this petition as if we individually filed the FCC 329 -- Cable Programming Service Rate Complaint form on the following complaint:

We have been informed by the above name cable provider that effective the first of 1995 our normal cable services (not including basic service channels 2 - 13) our upper channels 14 - 36 which has been provided for sometime will now be scrambled, and to obtain the same channels we will need to add a "set-top" (converter) at the rate of \$3.50 per month per television to receive these channels, in addition to rates already being charged above basic service rates to obtain these channels. We feel that this is only being done to increase the cable companies profitability, for we have enjoyed viewing these channels for years without this added expense.

We, the people named below, herein petition the FCC to act upon the above complaint.

 Albany, NY 12223-152

Petition

We, the subscribers of cable television service offered our community through:

PARAGON CABLE
1130 S MAIN STREET
HORSEHEADS, NY 14845
(607) 739-7901

herein complain about new and upcoming rates we been informed by the above named cable company. Please act upon this petition as if we individually filed the FCC 329 -- Cable Programming Service Rate Complaint form on the following complaint:

We have been informed by the above name cable provider that effective the first of 1995 our normal cable services (not including basic service channels 2 - 13) our upper channels 14 - 36 which has been provided for sometime will now be scrambled, and to obtain the same channels we will need to add a "set-top" (converter) at the rate of \$3.50 per month per television to receive these channels, in addition to rates already being charged above basic service rates, to obtain these channels. We feel that this is only being done to increase the cable companies profitability, for we have enjoyed viewing these channels for years without this added expense.

We, the people named below, herein petition the FCC to act upon the above complaint.

Petition

We, the subscribers of cable television service offered our community through:

PARAGON CABLE
1130 S MAIN STREET
HORSEHEADS, NY 14845
(607) 739-7901

herein complain about new and upcoming rates we been informed by the above named cable company. Please act upon this petition as if we individually filed the FCC 329 -- Cable Programming Service Rate Complaint form on the following complaint:

We have been informed by the above name cable provider that effective the first of 1995 our normal cable services (not including basic service channels 2 - 13) our upper channels 14 - 36 which has been provided for sometime will now be scrambled, and to obtain the same channels we will need to add a "set-top" (converter) at the rate of \$3.50 per month per television to receive these channels, in addition to rates already being charged above basic service rates, to obtain these channels. We feel that this is only being done to increase the cable companies profitability, for we have enjoyed viewing these channels for years without this added expense.

We, the people named below, herein petition the FCC to act upon the above complaint.
